EXECUTIVE SUMMARY

About Me

I am a hardworking and motivated Business Analyst who has acquired executive knowledge in the field through the study of Information Technology at tertiary level and previous work experience in managing projects, business intelligence reporting, yearly budgeting, and stakeholder management and support.

I have strengthened my skills in the work environment with two years of project management and analytical experience which has been achieved through an Agile approach. Moreover, I have improved the business by taking ownership of projects such as implementing a Data warehouse, managing Business intelligence reports, and assisting with monthly commissions and yearly budgeting.

PERSONALITY

Type: "Logistician" ISTJ-T

- "A Logistician (ISTJ) is someone with the Introverted, Observant, Thinking, and Judging personality traits. These people tend to be reserved yet willful, with a rational outlook on life. They compose their actions carefully and carry them out with methodical purpose".
- "People with the Logistician personality type enjoy taking responsibility for their actions and take pride in the work they do – when working towards a goal, Logisticians hold back none of their time and energy completing each relevant task with accuracy and patience."

- 16 Personalities
Report Extract

- Work closely with team heads and senior developers on projects to ensure efficient execution of projects.
- **Project support**
- Provide a staged change management plan, and the required training and documentation.
- Provide ongoing support on project solutions to operational teams.
- **Stakeholder management:**
- Identify key stakeholders and a project sponsor and ensure buy-in and alignment.
- Coordinate regular meetings with project stakeholders and sponsor.
- Track and report on project milestones and provide regular feedback to project stakeholders and sponsor.
